

"That was such a wonderful, successful event, thank you for including me into your program. Everyone was having a blast...it's been a long time since I've been to a sit-down dinner that was that much fun! I only wish Bruce could have been there to witness it all. Again, thank you for letting us spread the word on WOW. From the events the night before, to a table at the reception and a place in your program...we are so grateful to you. You really have created an amazing legacy for the Redskins cheerleaders and contributed to the history of ours. "

"We wanted to thank all of the people who were involved in putting together the reunion. We know what a huge effort it took to make this first reunion so great. We had so much fun from the beginning till the end. It was like being with old friends, even though we had all just met. We can't say enough about the location, the atmosphere, the tours, the water taxi, the food, and of course the main event! What a wonderful experience! Can't wait to see everyone again in Atlanta."

The 60's Steelerettes

"It was such a pleasure to finally meet everyone in person and put a pretty smile and face with your names. I met the majority of you for the first time, but I felt like I already knew you. You all made me feel so welcome, and I am so excited to have more NFL Cheerleaders Alumni sisters and new friends.

Your Alumni really set the bar for this event. Your organization did a phenomenal job hosting our first NFL Cheerleaders Reunion!! The buzz is already out there about people being excited about the next one because of the hard work and fantastic job you did for this first reunion. See you in 2014 in Atlanta! "

"WOW ... you pulled together one heckuva weekend. I used to manage conventions, so I KNOW, first hand, how much work goes into a series of events such as the one last weekend. From my perspective, everything went so smoothly.

"I got to meet Kimberly Vaughn and was happy to be able to do so. It was great fun sitting with the Ladies of the Sixties and Marian and I plan on getting together one day at the Court.

The piece by Barbara Harrison is great ... a wonderful selection of ladies from all of the decades.

Cheri and Gordon: again, thanks for the "changing station."

I hope you are resting on your laurels this week! Again, sincere congratulations".

"What an amazing Amazing AMAZING Saturday evening Gala! Thank you to Terri and her team for all of their hard work! It was so interesting to talk to others who shared the same experiences (i.e. the very first time we set foot on the field, my case RFK) and felt the same surreal feeling. No one else could know that

feeling except for an NFL cheerleader. Brought goosebumps to just share those experiences with the young and the...not so young. Plus, the dancing was great! There just isn't enough space here to share all of the special experiences from Saturday night. Thank you thank you thank you! It was....AMAZING!!!!

"I know you have received many notes of thanks and appreciation, so I am adding mine to that list. Thank you so very much for creating something very special! The momentum and excitement is contagious for the National group and it is quickly spreading its wings.

It was quite apparent we all had a great time. I have never been in the company of so many people that were so welcoming and anxious to nurture new friendships. That is indeed what happened - we made many new friends.

During our meeting I mentioned an idea of creating an event that would be National and happen at each stadium on the same weekend. I had suggested it be in connection with the Breast Cancer Awareness movement in October. To add to this idea, one of our girls, Laurel, suggested doing a Kick Line - "Kicking Cancer".

"We are all so proud of you for doing such a great job with the Anniversary Celebration! Thank you for all of your hard work! You represent the Redskin Cheerleaders so well! Please know how much you are appreciated! Cheri Hoover Heritage worked with the 60's women and did a wonderful job! The program was terrific and we all enjoyed ourselves so much. Many thanks again for your dedication."
